Dialog Telecommunications Inc. (the Company) complies with applicable service quality standards and consumer protection rules as required by the Mississippi Public Service Commission (PSC) and the Federal Communications Commission.

The rates, terms, and conditions under which the Company operates are outlined in its Local Exchange Tariff, which is filed with the PSC. The tariff is available for customer review in the Business Office, as requested. Rates and terms of service are disclosed to customers upon application for service both verbally and in writing as part of a packet of information for new customers. Rates, applications and certain terms of service are also available on the Company's website.

Service quality standards are established by the PSC and the Company complies with service quality standards required of non-dominant local exchange carriers by the PSC's rules.

The protection of customers' privacy and information is of utmost importance and the Company has a policy and established operating procedures that comply with the FCC's Customer Proprietary Network Information (CPNI) rules (47 C.F.R. §§64.2001-64.2011). LINE 610 - ABILITY TO FUNCTION IN EMERGENCY SITUATIONS

Dialog Telecommunications Inc. (the Company) is able to function in emergency situations. The Company has a reasonable amount of back-up power to ensure functionality without an external power source. Standby power generators are supplied at the central office for use at the central office, remote switch sites, and repeater sites to ensure functionality without an external power source until power is restored. The network is capable of managing traffic spikes resulting from emergency situations.

The Company is able to reroute traffic around damaged facilities. Although the Company's ability to reroute traffic around damaged facilities is not absolute and may be limited in certain circumstances, there is a restoration plan in place for expeditious recovery of service, including splicing of damaged facilities when warranted.

LINE 1010 – VOICE SERVICES RATE COMPARABILITY

The Wireline Competition Bureau's most recent reasonable comparability benchmark for voice services is \$41.07, which includes the federal subscriber line charge ("SLC").¹

In exchanges served by Dialog Telecommunications Inc. ("the Company"), the single-line residential local rate, including any mandatory extended area service charge, federal SLC and state universal service fee is \$30.00. Therefore, the Company's pricing of fixed voice services is less than the reasonable comparability benchmark of \$41.07.
